**Announcement<sup>1</sup>**  
**SGML & T<sub>E</sub>X Conference**  
Groningen, 31 Aug. 1990

This conference, devoted to SGML, T<sub>E</sub>X, and their symbiosis, is organized by the NTG (Nederlandstalige T<sub>E</sub>X Gebruikersgroep, i.e., Dutch T<sub>E</sub>X Users Group) and the SGML Holland Users Group. The conference will be held at the University of Groningen.

After some coffee, welcome etc., the day will start with a survey (invited speaker) about the relationship between SGML and T<sub>E</sub>X, now and in the future. During the day we have two parallel streams of presentations (1/2 and 3/4 hour talks) and for those wandering around there will be a vendor booth, a book stand, a selling point for T<sub>E</sub>X 'gadgets', and copying facilities for PD (T<sub>E</sub>X) programs, and of course an information booth. The closing session (invited speaker) will be about Electronic Publishing in the future with a wink to SGML and T<sub>E</sub>X.

To celebrate the joint happening we will end with a nice cocktail party offered by Elsevier and Samson Publishers.

The conference language is Dutch but speakers will be urged to have their transparencies in English (non-natives are supposed to speak English). The abstracts will be in English.

T<sub>E</sub>X, L<sup>A</sup>T<sub>E</sub>X, Metafont (TUG-like) courses as well as SGML courses are held before the conference and in the week after.

Members of any SGML or T<sub>E</sub>X Users Group are charged for *f* 75,—, students for *f* 25,—, and non-members for *f* 150,—.
